## APRIL

### Upcoming EVENTS

**4/7-10:** Specials  
Spirit Days

**4/11:** Field Day

**4/18:** No School

**4/26:** Family  
Cultural Fun Day

## OUR LEARNING

*focus...*

### Reading:

We will continue learning about Weather and Seasons then enter a new unit to learn about Needs and Wants. We will practice using main characters, setting, and important events to retell a story, identifying the topic and details of a story, sorting words into categories, and using illustrations to support meaning. We will focus on letters Yy, Vv, Qq, Xx, Zz, and long a (final -e).

### Math:

We will practice naming figures, sorting objects, comparing figures, building figures, and participate in a unit review.

### Science:

We will learn about plants and their structures, parts of a volcano, and the different states of matter.

### Social Studies:

We will learn about the timeline of a child's life, family life, and family trees. To prepare for Family Cultural Fun Day, our class will choose a continent to present. We will learn about their flag, clothing, special holidays celebrated, food, and other cultural components.

### Wish List

- Glue Sticks
- Snacks
- Markers
- Lysol Spray
- Water
