## A Look at Our Month:

<u>Kinder and 1st- Reading</u>	<u>Kinder and 1st-Language</u>	<u>Kinder and 1st- Writing</u>	<u>Kinder and 1st- Social Studies/ Science</u>	<u>Kinder and 1st- Math</u>
Unit 6: In this unit, students read and compare stories that teach lessons to understand the importance of learning from mistakes and experiences. They will develop the following	Students will work with foundational skills- blending sounds to create words long and short vowels, compound words, and adjectives. Students will continue to review and practice Montessori lessons.	Students will write write opinion form text. Students will go through the brain storming process, drafting, and final product.	Science: Students will be studying the properties of matter, forces of movement and habitats around the world. Social studies: Students will learn: Where We Live (using Globes and Maps,	<b>Kinder:</b> Working on fluency in addition and subtraction <b>First grade:</b> fluency in addition and subtraction through word problems and Montessori lessons

**Enduring Understandings:**

We can learn about different cultures by sharing storytelling traditions, such as folktales and fables, from around the world. By understanding the problems characters solve, we can learn how to solve problems in our own lives.
