INDEPENDENT AUDITORS' REPORT

To the Board of Directors of South Broward Montessori Charter School Corp
A Charter School and Component Unit of the
District School Board of Broward County, Florida
Hallandale Beach, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of South Broward Montessori Charter School Corp ("the school"), a charter school and component unit of the District School Board of Broward County, Florida, as of and for the fiscal year ended June 30, 2020 and the related notes to the financial statements, which collectively comprise the South Broward Montessori Charter School Corp's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the school, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 - 7 and 23 - 24 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2020 on our consideration of the school's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the school's internal control over financial reporting and compliance.

SOUTH BROWARD MONTESSORI CHARTER SCHOOL CORP
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2020

Our discussion and analysis of the South Broward Montessori Charter School Corp's ("the school") financial program provides an overview of the school's financial activities for the year ended June 30, 2020.

Because the information contained in this discussion is intended to highlight significant transactions, it should be read in conjunction with the school's financial statements which begin on page 8.

For financial statement purposes, the school is considered a component unit of the District School Board of Broward County, Florida, which is a primary government entity for financial reporting. The school has included separate statements for the Balance Sheet of Governmental Funds and the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds. The Fund Financial Statements reflect financing activities of the school by providing information on inflows and outflows of spendable resources, while the Statement of Net Position and the Statement of Activities provide information on the activities of the school.

OVERVIEW OF THE FINANCIAL STATEMENTS

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the school's financial position. Included in these statements are all assets and liabilities using the accrual method of accounting. All of the current year's revenues and expenses are recorded when received.

The Statement of Net Position presents information on all of the school's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the school is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Fund Financial Statements

A *Fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives.

Governmental Funds - All of the school's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the school's governmental activities and the basic services it provides.

Notes to the Financial Statements

The *Notes to the Financial Statements* provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 14-22 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the school's financial position. The school's assets exceeded liabilities by \$91,833 and \$18,357 at June 30, 2020 and June 30, 2019, respectively.

Total Liabilities and Net Position	<u>\$ 204,416</u>	<u>\$ 203,973</u>	<u>\$ 443</u>

The decrease in non-current liabilities and current liabilities was the result of the school paying down its long term debt obligations and operating payables.

CURRENT YEAR VS PRIOR YEAR RESULTS

The 2019-2020 school year was the seventh year that the school enrolled students. Total revenue was \$1,479,162 and \$1,383,776 for the years ended June 30, 2020 and 2019, respectively. The increase in revenue was the result of an increase in FEFP funding due to an increased student count from 2019 to 2020, and an increase in capital outlay funding as well. Total expenses were \$1,434,215 and \$1,383,171 for the years ended June 30, 2020 and 2019, respectively. The approximate \$51,000 decrease in expenses is primarily attributable to the decrease in staffing costs in the school administration function and instruction and curriculum development services.

BUDGETARY HIGHLIGHTS – GENERAL FUND

Actual revenue was \$71,959 less than budgeted as the school anticipated a higher student count when the final budget was prepared. Total expenses were approximately \$87,000 less than the budgeted due to lower enrollment than what was anticipated. The largest decreases in expenses were primarily in the areas of instruction and school administration functions.

**SOUTH BROWARD MONTESSORI CHARTER SCHOOL CORP
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2020**

DEBT MANAGEMENT

As of June 30, 2020, the School had debt outstanding in the amount of \$98,195 compared to \$150,841 as of June 30, 2019. During the year ended June 30, 2020, the School paid down some of the debt owed to its landlord for past due rents.

EMAIL FRAUD

In July 2019, email accounts for a member of the school's board of directors and the attorney for the landlord were hacked and the fraudster was able to change banking information for the landlord. The school subsequently sent a cashier's check for approximately \$34,000 to a fraudulent bank account in Texas. The school filed an insurance claim for the loss through a public adjuster which was denied by the insurance company. The school's management is seeking outside legal counsel to actively pursue an errors and omissions claim against its insurance carrier.

PROSPECTS FOR THE FUTURE

The school is actively working with the landlord and the city to see if certain unoccupied buildings on campus can be used to expand operations which should lead to an increase in students.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Reporting entity

South Broward Montessori Charter School Corp (“the school”) operates as a Charter School pursuant to a Charter School Contract (“the Contract”) with the School District of Broward County, Florida (“the District”). Under the Contract, the school provides an elementary school education to children who reside in Broward County. The governing body of the school is the Board of Directors.

The general operating authority of the school is under Florida Statutes 228.056(7) as a Charter School Contract with the School Board of Broward County, Florida. Under the Charter, the school provides education to children from kindergarten through the fifth grade in Broward County. The Charter Contract was renewed and is now effective through June 30, 2023.

Criteria for determining if other entities are potential component units which should be reported within the school’s basic financial statements are identified and described in the Governmental Accounting Standards Board’s (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provide for identification of any entities for which the school is financially accountable and other organizations for which the nature and significance of their relationship with the school are such that exclusion would cause the school’s basic financial statements to be misleading or incomplete. Based on these criteria, no component units are included within the reporting entity of the school. The school is a component unit of the District.

2. Government-wide and fund financial statements

The government-wide financial statements consist of a statement of net position and a statement of activities. These statements report information on all of the nonfiduciary activities of the school. As part of the consolidation process, all interfund activities are eliminated from these statements. Both statements report only governmental activities as the school does not engage in any business type activities.

Net position, the difference between assets and liabilities, as presented in the statement of net position, are subdivided into three categories: amounts invested in capital assets, restricted net position; and unrestricted net position. Net position is reported as restricted when constraints are imposed on the use of the amounts either externally by creditors, grantors, contributors, or laws or regulations of other governments, or enabling legislation.

The statement of activities presents a comparison between the direct and indirect expenses of a given function and its program revenues, and displays the extent to which each function contributes to the change in net position for the fiscal year. Direct expenses are those that are clearly identifiable to a specific function. Indirect expenses are costs the school has allocated to various functions. Program revenues consist of charges for services, operating grants and contributions, and capital grants and contributions. Charges for services refer to amounts received from those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. Government-wide and fund financial statements (continued)

Grants and contributions consist of revenues that are restricted to meeting the operational or capital requirements of a particular function. Revenues not classified as program revenues are reported as general revenues.

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, establishes the following classifications depicting the relative strength of the constraints that control how specific amounts can be spent:

- Nonspendable fund balance - includes amounts that are not in a spendable form or are required to be maintained intact and that are not expected to be converted to cash.
- Restricted fund balance - includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally, or through enabling legislation. Effectively, restrictions may be changed or lifted only with the consent of resource providers.
- Committed fund balance - includes amounts that can be used only for the specific purposes determined by a formal action of the school's highest level of decision-making authority. Commitments may be changed or lifted only by the school taking the same formal action that imposed the constraint originally.
- Assigned fund balance - comprises amounts intended to be used by the school for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.
- Unassigned fund balance - the residual classification for the general fund which includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the general fund.

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. Government-wide and fund financial statements (continued)

Separate fund financial statements report detailed information about the school's governmental funds. The focus of the governmental fund financial statements is on major funds. Therefore, major funds are reported in separate columns on the fund financial statements. All of the school's funds were deemed major funds. A reconciliation is provided that converts the results of governmental fund accounting to the government - wide presentation.

3. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized when a liability is incurred.

All governmental fund financial statements are reported using a current financial resources measurement focus on a modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues, except for certain grant revenues, are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, considered to be sixty days. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for federal, state, and other grant resources, revenue is recognized at the time the expenditure is made.

Under the modified accrual basis of accounting, expenditures are generally recorded when the related fund liability is incurred. However, principal and interest on general long-term debt is recorded as expenditures only when payment is due.

The school's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. Accordingly, the financial statements are organized on the basis of funds. A fund is an accounting entity having a self-balancing set of accounts for recording assets, liabilities, fund equity, revenues, expenditures, and other financing sources and uses.

Resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled. The school reports the following major governmental funds:

General Fund – the general operating fund of the school. It is used to account for all financial resources not required to be accounted for in another fund.

Special Revenue Fund – to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

**NOTES TO FINANCIAL STATEMENTS

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. Measurement focus, basis of accounting, and financial statement presentation (continued)

The school has a revenue spending policy that provides for programs with multiple revenue sources. The board of directors will use resources in the following hierarchy: debt proceeds, federal funds, state funds, local non-city funds, city funds and funds passed through the District. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The board of directors has the authority to deviate from this policy if it is in the best interest of the school.

4. Budgetary basis of accounting

The school’s annual budgets are adopted for the entire operations for the school and may be amended by the Board of Directors (the “Board”). Since the budgetary basis differs from generally accepted accounting principles (“GAAP”), budget and actual amounts in the accompanying required supplementary information are presented on the budgetary basis.

A reconciliation of revenues over expenditures presented in conformity with GAAP is set forth in the adjustments to the required supplementary information.

5. Cash

Cash is made up of cash on hand at the school and/or checking accounts held at a financial institution.

6. Capital assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental columns on the government-wide financial statements. Capital assets are defined by the school as assets with an initial individual cost of more than \$1,000 and an estimated useful life of more than two years. Such assets are recorded at historical cost. Donated capital assets are recorded at their estimated fair market values at the date of donation. For the year ended June 30, 2020, the school recorded net capital assets of \$33,056.

Property, plant and equipment of the school are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Type</u>	<u>Estimated Useful Lives</u>
Computer equipment	5
Furniture and fixtures	7
Leasehold improvements	5

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

6. Capital assets (continued)

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

7. Revenue sources

Revenues for current operations are received primarily from the State of Florida passed through the District to the school pursuant to the funding provisions included in the school's charter. In accordance with the funding provisions of the charter and Section 1002.33(18), Florida Statutes, the school reports the number of full-time equivalent (FTE) students and related data to the District. Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of FTE students and related data to the Florida Department of Education (FDE) for funding through the Florida Education Finance Program (FEFP).

Funding for the school is adjusted during the year to reflect revised calculations by the FDE under the FEFP and actual weighted FTE students reported by the school during designated FTE student survey periods.

The school receives federal awards for the enhancement of various educational programs. This assistance is generally based on applications submitted to and approved by various granting agencies. These federal awards may have requirements whereby the issuance of grant funds is withheld until qualifying expenditures are incurred. Revenues for these awards are recognized only to the extent that eligible expenditures have been incurred.

Additionally, other revenues may be derived from various fundraising activities and certain other programs.

8. Use of estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

9. Income taxes

The school is a non-profit organization and is tax exempt under Section 501(c)(3) of the Internal Revenue Code.

9. Income taxes (continued)

The school is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The school’s federal income tax returns for 2018-2020 remain subject to examination by major tax jurisdictions.

10. Inventory

Inventory consists of textbooks held for use in the course of the school’s operations. Inventory is stated at cost, principally on a first-in first-out basis.

NOTE B - CONCENTRATIONS

1. Revenue sources

As stated in Note A-7, the school receives revenues for current operations primarily from the State of Florida through the District. The following is a schedule of revenue sources and amounts:

<u>Sources</u>	<u>Amounts</u>
State funding through local district	\$ 1,252,348
Federal passed through local school district	94,132
Other	<u>75,834</u>
	<u>\$ 1,422,314</u>

2. Cash

Under Chapter 280, Florida Statutes, the school’s deposits must be placed in banks and savings and loans which are qualified as public depositories. The school maintains cash deposits at a bank in Florida. Deposits at the bank are insured by the Federal Deposit Insurance Corporation (“FDIC”) up to \$250,000. Monies deposited in amounts greater than the insurance coverage are secured by the banks pledging securities with the State Treasurer and collateral pool. As of June 30, 2020, there were no uninsured deposit balances.

NOTE D – LONG-TERM DEBT (continued)

Line of credit – related party

At June 30, 2020, the school has an unsecured revolving line of credit with a related party, the amount not to exceed \$120,000, maturing on June 30, 2021. Interest only payments are due monthly on the unpaid principal balance at a rate of 4.5% per annum. The outstanding balance on the line of credit at June 30, 2020 is \$31,606.

Note payable – third party

At June 30, 2020, the school has a non-interest bearing note payable to a third party in the amount of \$66,588. The note payable represents the outstanding balance of unpaid rent and water usage for all rent prior to July 1, 2018. In accordance with the note payable agreement, monthly payments of \$1,387 are due to the third party and all of the required payments were made during the fiscal year ended June 30, 2020. In addition, as required by the note, a \$36,000 payment was made on June 30, 2020. The balance of the note payable at June 30, 2020 was \$66,589.

NOTE E – COMMITMENTS

On December 14, 2018, the school amended its operating lease with the landlord whereby past due rents prior to July 1, 2018 have been reclassified as long term debt (see Note D). The remaining payment terms of the original lease dated July 26, 2018 remain in effect.

Total rent expense was approximately \$176,000 for the year ended June 30, 2020.

Future minimum lease payments required under the lease agreements approximately as follows:

June 30:

2021	\$	181,704
2022		188,976
2023		<u>196,536</u>
Total	\$	567,216

NOTE F – INVENTORY

The school has recorded its Montessori materials as inventory. These items have been used since the school opened and will continue to be used as they are the foundation for this specific teaching method. Management has determined that the inventory items maintain their value as they will be used in future years and the value at June 30, 2020 was \$71,505.

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE G – RISK MANAGEMENT

The school is exposed to various risks of loss related to theft, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. The school purchases commercial insurance for all material risks of loss to which the school is exposed, including general liability, property and workers compensation.

The school did not have any settlements that exceeded insurance coverage for the years ended June 30, 2018 – 2020.

NOTE H – EMAIL FRAUD

In July 2019, email accounts for a member of the school’s board of directors and the attorney for the landlord were hacked and the fraudster was able to change banking information for the landlord. The school subsequently sent a cashier’s check for approximately \$34,000 to a fraudulent bank account in Texas. The school filed an insurance claim for the loss through a public adjuster which was denied by the insurance company. The school’s management is seeking outside legal counsel to actively pursue an errors and omissions claim against its insurance carrier.

NOTE I – COVID-19

As a result of the COVID-19 pandemic, the school began the 2020-2021 school year using distance learning. The school’s enrollment has been slightly impacted as a result of COVID-19, but management adjusted the budget accordingly for the anticipated loss in revenue. There may be additional expenditures associated with the school’s distance learning platform that may be incurred for the 2020-2021 school year. The school’s management is unable to determine the duration and extent of the financial impact that COVID-19 will have on the school.

NOTE J – SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 29, 2020, which is the date the financial statements became available to be issued.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Board Members of South Broward Montessori Charter School Corp
A Charter School and Component Unit of the
District School Board of Broward County, Florida
Hallandale Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of South Broward Montessori Charter School Corp, ("the school", a nonprofit organization), a charter school and component unit of the District School Board of Broward County, Florida, as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise South Broward Montessori Charter School Corp's basic financial statements and have issued our report thereon dated September 29, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the school's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the school's internal control. Accordingly, we do not express an opinion on the effectiveness of the school's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the school's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Management Letter as Required by the Rules of the Florida Auditor General,
Chapter 10.850, Florida Statutes, Charter School Audits**

To the Board of Directors of South Broward Montessori Charter School Corp, Florida,
a Charter School and Component Unit of the District School Board
of Broward County, Florida

Report on the Financial Statements

We have audited the financial statements of the South Broward Montessori Charter School Corp, Florida, as of and for the fiscal year ended June 30, 2020, and have issued our report thereon dated September 28, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated September 28, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

Official Title

Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the entity are South Broward Montessori Charter School Corp and 5717.

Financial Condition and Management

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not South Broward Montessori Charter School Corp has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the South Broward Montessori Charter School Corp did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the South Broward Montessori Charter School Corp. It is management's responsibility to monitor the South Broward Montessori Charter School Corp's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the South Broward Montessori Charter School Corp maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the South Broward Montessori Charter School Corp maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, applicable management, and District School Board of Broward County and is not intended to be and should not be used by anyone other than these specified parties.
