2/28: Movie Night

FEBRUARY

OUR LEARNING

focus...

Reading:

We will read fiction and non-fiction stories to learn why *Stories Have a Message*. Many stories we read share a message to teach a lesson. Throughout the unit, we will learn to make connections, summarize, and practice retelling important information such as main characters, setting, and important events. We will focus on letters Ee, Gg, Dd, and Ww.

Math:

We will practice math facts to 10, count to 100 by 10s and 1s, compare lengths, and practice subtraction word problems.

Science:

We will learn about the sense of touch and taste, human body parts, animal and plant behaviors, and real or make believe.

Social Studies:

We will learn about land and water features on a globe and participate in President's Day activities and celebrate Black History Month with a fun Spirit Week.

Wish List

- Glue Sticks
- Snacks
- Crayons
- Lysol Spray
- Unscented Face Wipes
