What we'll learn

ELA & Writing

This week in ELA, students will continue listening to Expository Texts as they practice identifying key details, the central idea, author's purpose and various text features. In addition, students will work on identifying story elements in fictional texts. They will also begin reading poems, focusing on line breaks and rhyme schemes to better understand poetic structure and meaning. Writing: Research Report

Math

Lesson 8: Add Two-Digit Numbers
Lesson 9: Subtract Two-Digit Numbers
Lesson 10: Solve One-Step Word Problems with Two-Digit Numbers
Lesson 11: Understand Three-Digit Numbers

Science & Social Studies

In science, students will be learning about:
Matter and Energy
Objects and Motions

In social studies, students will learn about the past
